## **EDUCATION/POSTDOCTORAL TRAINING**

---

- Sep 2020 – Aug 2023     **Columbia University Mailman School of Public Health**, New York, NY  
Postdoctoral Research Fellow  
T32 Substance Abuse Epidemiology Training Program  
Program Directors: Deborah Hasin, Ph.D. and Silvia Martins, MD, Ph.D.  
Spatial Epidemiology Lab (specialty: Substance Use Epidemiology and Social Epidemiology)  
Advisor: Dustin T. Duncan, Sc.D.
- 2020                         **The Graduate Center, City University of New York**, New York, NY  
Doctor of Philosophy in Psychology (NY License #: 025997, Active: 9/2023)  
Specialization: Health Psychology and Clinical Science (APA Accredited)  
Dissertation: The role of attentional processes in the associations between syndemics and HIV risk  
Advisor: H. Jonathon Rendina, Ph.D.
- 2016                         **Hunter College, City University of New York**, New York, NY  
Master of Arts in Psychology  
Thesis: Internalized homophobia and drug use among gay and bisexual men: Examining depression and sexual anxiety as mediating factors  
Advisors: Jeffrey T. Parsons, Ph.D. and Tyrel Starks, Ph.D.
- 2011                         **The University of Arizona**, Tucson, AZ  
Bachelor of Arts in Psychology  
Minor: Family Studies and Human Development

## **PROFESSIONAL EXPERIENCE**

---

- Aug 2023 – Present     **University of Connecticut**  
Department of Human Development and Family Sciences  
**Assistant Professor**
- Sep 2020 – Aug 2023     **Columbia University Mailman School of Public Health**  
Department of Epidemiology, New York, NY  
**Postdoctoral Fellow**, T32 Substance Abuse Epidemiology Training Program  
Activities: Seminars and coursework on substance abuse epidemiology research methods, analysis, and interventions. Writing groups for manuscript development. Support for grant writing and attendance at academic conferences.  
**Postdoctoral Fellow**, Spatial Epidemiology Lab  
PrEP Uptake and Adherence Among Young Black MSM: Neighborhood and Network Determinants (R01MH112406-05; PIs: Duncan & Schneider): Postdoctoral training, data analysis, and manuscript writing for study on social and spatial factors that impact health of Black sexual minority men.  
Other Duties: Grant development for an R01 application to continue following a cohort of Black sexual minority men and to examine associations between substance use and PrEP outcomes. Training in the analysis of social and spatial networks.

- Sep 2020 – Aug 2023 **New York State Psychiatric Institute and Columbia University Medical Center**  
 Division of Gender, Sexuality, and Health, New York, NY  
**Associate Fellow**, HIV Center for Clinical and Behavioral Studies  
Activities: Seminars, grand rounds, and cross-core meetings on HIV-related research and interventions.
- Aug 2013 – Aug 2020 **PRIDE Health Research Consortium (formerly CHEST)**  
 Hunter College, City University of New York  
 Department of Psychology, New York, NY  
**Graduate Research Assistant**, Applied Intersectionality and Minority Stress (AIMS) Lab  
Dissertation Research (R36DA043398; PI: Moody): Investigated the role of emotion regulation, executive attention, and attentional bias as linking mechanisms between syndemic factors and HIV. Examined associations in a longitudinal subsample of HIV-negative sexual minority men from across the United States and a stratified sample of HIV-negative sexual minority men in New York City.  
Diversity Supplement Research (R01DA036466-S2; PIs: Parsons & Grov): Investigated mediators of the association between internalized homophobia and drug use in a sample of HIV-negative sexual minority men. Lead author on a manuscript based on results from this investigation.  
HIV syndemic among sexual minority men: Co-authored manuscripts on syndemic indicators for HIV transmission risk behaviors using data from highly sexually active sexual minority men in New York City and a nationwide cohort of HIV-negative sexual minority men.  
Emotion regulation interventions for sexual minority men: Developed grants and implemented protocols for emotion regulation interventions to improve sexual minority stress, substance use, and sexual health outcomes. Co-authored manuscripts on the feasibility of emotion regulation intervention for HIV-positive sexual minority men with sexual compulsivity.
- Jun 2011 – Aug 2013 **University of Arizona**  
 John and Doris Norton School of Family and Consumer Sciences  
**Lab Coordinator**, Frances McClelland Institute for Children, Youth, and Families  
Risk and Protective Factors for Suicide among Sexual Minority Youth (R01MH091212; PIs: Grossman & Russell): Project coordinator for a longitudinal multi-site study on suicide among sexual minority youth funded by the National Institute of Health. Developed study protocols and secured approval for human subject research; managed recruitment site personnel, monitored study progress and filed reports to the funding agency; managed data entry and cleaning; and coordinated efforts with collaborators at New York University.  
Other Duties: Developed research dissemination materials for projects funded by the Gay-Straight Alliance Network, the Crossroads Collaborative, and the Ford Foundation. Managed workflow of doctoral students and undergraduate research assistants in the lab. Research presentations at academic conferences and community events.
- Dec 2010 – May 2011 **University of Arizona**  
 John and Doris Norton School of Family and Consumer Sciences  
**Undergraduate Research Assistant**, Frances McClelland Institute for Children Youth and Families  
LGBT inclusive curriculum: Coded focus group interviews to identify themes to understand the importance of an LGBT inclusive curriculum in schools. Co-authored translational report for dissemination in collaboration with the Gay-Straight Alliance Network.  
Enumerated Anti-Bullying Legislation: Conducted semi-structured qualitative interviews with stakeholders in different states to understand the process and challenges to including sexual orientation and gender identity in anti-bullying legislation. Coded interviews to identify themes and co-authored manuscript based on results.
